## HANSEN AUCTION GROUP & HANSEN REAL ESTATE GROUP: Making an Impact Through Marketing

Hansen Auction Group kicked off 2025 with an impressive marketing reach, proving once again that strategic advertising and community-focused storytelling make all the difference in the auction world. In January alone, we achieved over *8.1 million total marketing impressions* across print, social media, website traffic, and email outreach. That means more eyes on your assets, more bidders at your auctions, and ultimately, better results for our sellers.

At Hansen Auction Group & Hansen Real Estate Group, we love seeing our marketing efforts turn into real triumphs for local farmers, landowners, and businesses. Whether it's real estate or farm equipment, our approach ensures your assets get **NOTICED**. *Want to learn more? Reach out to one of our reps to see what we can do for you!*

Another example of our high-level marketing- the **Gilbertson Farm Retirement auction** closing March 18th in Eau Claire, WI. Here, we go beyond just listing equipment—we tell a story. Using professional drone footage, expert video, and a seller-focused narrative, we're providing buyers with a true feel for the equipment and connecting buyers and sellers in a meaningful way to aid in our seller's success. Visit our website or Facebook page to see the **Gilbertson Farm Auction** video in action!

# AND GOD SAYS . . .

North Carolina was hard hit with a rain, sleet, and then snow storm that shut down most of the state last week. This rapid change in weather caused many problems for the people who were caught in it, such as those involved in the 53 vehicle accident on Highway 40 during the storm. Although the storm started innocent enough, it quickly changed from rain, to sleet and then snow, making for very dangerous conditions.

Although the weather may change rapidly, some things never will—like the fact that spring will follow winter, summer will follow spring, fall will follow summer, and then fall will lead to winter once again. The truth is, we all live by faith, faith that the next season will come.

You see, we all live by faith in God’s Word, whether we realize it or not. After the world-wide flood of Noah’s day, God declares, “As long as the earth endures, seedtime and harvest, cold and heat, summer and winter, day and night will never cease” (Genesis 8:22).

So many people seem to work so hard to find discrepancies in the Bible. They look for the smallest thing to find fault. But, to the careful student, to no avail. They make generalizations that have little basis in fact. They ignore the most obvious demonstrations of the reliability and absoluteness of God’s Word. They ignore the fact of the seasonal weather changes that were ordered by God in creation. Furthermore, they ignore the issue of death and that, no matter how smart man may think he is, he has never been able to beat death and live forever. In short, they ignore the laws of nature and of the spirit which God put in place—the laws they cannot explain but can only accept as true.

Why do they do this? Because they do not want to come under God’s authority. They do not want God telling them what to do. The only problem with this is, that whether they accept God’s authority or not, he is still in authority. They will die. They will face the judgment. They will have to answer to God. Try as they might to deny it, it is as certain as spring coming after the winter.

The only question left to ask is, “Are you ready for the next season, the season of judgment before the Savior, Jesus Christ? Does He know you as His follower and do you know Jesus as your Savior and Lord?”

### I’m going to have to read up on the childhood diseases again.

**Robert F Kennedy Jr is the new director of US Health and Human Services.**

His children are vaccinated. But he profited in the millions by casting doubt on vaccinations. I sense no guarantee that US vaccination programs will remain intact and available.

Childhood diseases seemed like American folklore to me. They were brought under control. Some, eradicated. Scientists and researchers in public health disassembled diseases that maimed and killed our children and found ways to stop them. For 35 years in practice, the children I cared for were protected.

Why the fuss?  
If passed to a pregnant mom, RUBELLA causes miscarriage or the infant can have birth defects affecting vision, hearing, heart and brain.

In the ER every kid got a spinal tap to exclude meningitis if we couldn’t quickly figure out why the kid had a fever. After the HIB vaccine, it wouldn’t even occur to us to tap. My cousin had a seizure disorder and disability her entire life due to MEASLES. I’ve never seen it. There is a big outbreak right now in Texas in an area with low vaccination rates. It spreads like wildfire.

I had MUMPS, mumps encephalitis. Rare complications include deafness and low fertility. It also spreads quickly.

PERTUSIS (whooping cough) creates the “100-day cough” - so severe a child can break ribs and suffocate. It is most fatal in newborns. Onalaska had an outbreak this winter.

An ancient dentist in my practice described how his parents scraped out the back of his throat with a spoon every evening to slow the spread of DIPHTHERIA. Children’s airways filled with a thick grey membrane that caused suffocation. It causes damage to heart, kidney and nervous system. I’ve never seen it. But there are huge plots in New England cemeteries where the children of a town were buried having died of the disease. Now it is extremely rare because of the vaccine.

When mandatory, every child is protected. Even when one vaccination doesn’t “stick” to a child, Herd Immunity reduces their chance of any exposure to it. All of this is needed for it to work.

RFK Jr. has toyed with the facts and with the minds of millions to make vaccines a villain. He is now Director of HHS.

The fox has been assigned to run the hen house.

# OPERATIONS MANAGER

Melvin Companies, a well-established gravel, excavation and underground utilities company in Abbotsford and Medford for 93 years, is hiring an Operations Manager to join our team. This “hands on” position involves diverse tasks such as job coordination, ensuring safety standards are met, managing regulatory compliance, handling sales, overseeing employment recruitment and training.

The ideal candidate will have supervisory experience, preferably in the underground utilities, gravel and excavation sectors. With a 90-mile work radius, this position offers a significant perk — the chance to be home almost every night.

Melvin Companies offers a competitive salary and benefit package including 401K plan.

**Please send resume to the address below or submit it through our website melvincompanies.com**

Clark County Humane Society's  
Pet of the Week

"RAPHAEL"

Raphael is the  
CCHS Pet of the Week!

SAVE A  
SHELTER PET!

Raphael came to CCHS with his sister and 4 brothers earlier this January from a local farm. This handsome Red Heeler mix is 12 weeks old and weighs 13.4 # currently. Raphael is a goofy guy with a love for playing! No chance of a dull moment with this high-spirited pup by your side! This sweet boy is a good-looking fellow with a short-haired coat that is red and white. His gentle personality will be a great match with his new family, and he can't wait to let the good times begin. With any puppy, especially high-energy breeds like Heelers, training and socialization are incredibly important to the success of the pup. You can submit your adoption application on our website: [www.cchs-petshelter.org/applying-to-adopt](http://www.cchs-petshelter.org/applying-to-adopt). We have lots of wonderful pets available for adoption now, especially puppies, so please check them all out online and then stop in to visit!

Do you have a love for cats and dogs and have been thinking it would be nice to help out at CCHS? Well, now's your chance! Whether it's a few hours a week, one day a month, or something in between, this is your opportunity to try it out. We are very much in need of volunteers! You can learn more and sign up on our website: <https://www.cchs-petshelter.org/volunteer> or email April at [cchsoutreach1@gmail.com](mailto:cchsoutreach1@gmail.com). Come join our CCHS volunteer family!

**IT'S HARD** to talk about being abused. Sometimes it's even harder to know if what you are experiencing is abuse. But you don't have to face this alone. There are safe places where you can begin to sort it all out with complete confidentiality. Bolton Refuge House in Eau Claire and New Horizons in La Crosse, Sparta and Whitehall all offer support groups and individual sessions for women who are experiencing physical, emotional or sexual abuse in their relationships. For more info contact the program closest to you. Eau Claire- Bolton Refuge House 1-800-252-4357. New Horizons: La Crosse, Sparta & Whitehall 608-791-2600 you may call collect, JC Outreach 715-333-2350. Crisis hotline, 1-855-526-5866 or 1-855-5BOLTON.
