## BARN OWL

### GASLIGHTING

**GASLIGHT** was a play and later, in 1944, a film starring Charles Boyer and Ingrid Bergman. It's about a woman who is tricked into thinking she's going crazy. Her husband keeps lying to her and changing things in the house while pretending that nothing has changed. She starts to believe something is wrong with her. It's a good flick. Pull it up some night.

**Today, GASLIGHTING means to control someone by making them doubt what they see, hear or remember.**

When someone is being gaslighted, they start to feel confused and unsure of themselves and their own thoughts. People can use gaslighting to push others into believing lies. It can change the way someone thinks or feels by giving them false or misleading information.

**In our day, internet trolling, deep state conspiracies, news outlets with fake news are all forms of political gaslighting.**

This undermines our basic trust in government. Destructive lies about individuals or about people of a certain race or sexuality or political belief teach us to treat them like objects. They are called "sleepy Joe" or "gang members." The barrage of lies leaves us confused, distracted and ready to give up.

**So, remember:**

- if words like "woke" and D.E.I. carry a sinister meaning for you ... then it worked.
- If you think that all politicians are liars and no one will ever really know the truth ... then it worked.
- If you think that all politics is just a bunch of crap - so you refuse to vote or take sides ... then it worked.
- If you heard that Haitians were eating cats in Springfield, Ohio or that Democrats were killing newborn babies in Minnesota, but you shrugged it off and said "everyone lies" ... then it worked.
- If you don't care anymore ... then it worked.

**So, what can you do?**

Ask questions. Check if something is true before you decide to believe it. Use websites like **Snopes** to check the facts. Don't trust everything you see on social media. Read books. Talk to people you trust. Don't argue with internet trolls.

**There are a lot of people out there trying to play with your mind.**

**Remember that there is a difference between what you may want to hear and what is true.**  
**There are no "alternative facts."**

RAYMOND JOHN FRANK

Raymond John Frank, 89, of Melrose, WI, passed away at home April 28, 2025.  
Raymond was born to Harold and Mary (Eisberner) Frank Sept. 15, 1935. The family lived in Merrilan, WI, before relocating to Black River Falls, WI, where Raymond graduated from Black River Falls High School in 1953. After high school, Raymond joined the Wisconsin National Guard, serving as a tank mechanic.  
In 1955, Raymond married his high school sweetheart, Jane Lunderville. Together they raised their four children, John, Sara, Linda, and Laura.  
After working for some time in the automotive industry in Michigan, the family returned to Melrose, WI. Raymond then began his career working for GTE as a cable splicer, where he worked for the next 20 years before retirement.  
Although retired, Raymond continued working as a plow driver in the winter and kept himself busy with various hobbies. A talented woodworker, Raymond could often be found in his shop making windmills, birdhouses, planters, and even replica trucks. When not building something, Raymond would be out in the yard, taking meticulous care of his lawn, of which he was very proud. Other hobbies Raymond enjoyed included bowling and fishing the Trempealeau River or the northern lakes of Wisconsin and Canada.  
Raymond is survived by his son, John (Jeane) Frank; daughters Sara (Tom) Pfaff and Linda (Norris) Everson; his grandchildren, Shane, Zachary, Ryan, Travis, Justin, Nathan, Janelle, Brittany, Jamie, Macie and Collin; 14 great-grandchildren; his sister, Diane Johnson; and many other loving family members and friends.  
He is preceded in death by his loving wife, Jane; his daughter, Laura Folkedahl; parents Harold and Mary; and his brothers, Harold Frank Jr. and Merlin Frank.  
A funeral service for Raymond was held at St. Kevin’s Catholic Church in Melrose Monday, May 5. Visitation took place from 10 a.m. until the time of service at 11 a.m. Burial was held at the Melrose cemetery immediately following the service. A luncheon was provided at the church.  
In lieu of flowers, please make a charitable donation in his name to an organization of your choice.

AND GOD SAYS . . .

I kept an article published in the July 26, 2006 issue of the now defunct Jackson County Chronicle. It was of interest to me because the author made light of the judgment of God, the Lamb’s Book of Life, and of Heaven itself. Without a tinge of the fear of God, his writing reflects the thinking of so many today.

He wrote of God needing “several hundred hydraulic lifts just to open” the Lamb’s Book of Life because the book will be overwhelmingly huge in order to contain all of the names of everyone “saved.” In fact, he says, he’ll “see 400 billion names beginning with the first letter of his last name and at least a million of his complete last name.

Well, sir, you forget that God can compress a universe into an atom. He holds the stars in place and calls them by name. And He can compress a room full of encyclopedias into a DNA code and implant it in a single microscopic cell. You see sir, it is not God who is too small to care for His kingdom, but it is you who is too small to comprehend it. And, be assured that He is able to keep track of all those who have the same name. Thus His judgment will be correct and personal for you.

The author concludes his article by saying, “I may or may not get to Heaven, but I know my name is in the Lamb’s Book of Life. It’s there a thousand times over” because it is so common of a name.

As I read this attempt at humor, I was reminded of what God says in Proverbs 29:9, “If a wise man contends with a foolish man, whether the fool rages or laughs, there is no peace.”

A wise man is one who fears God and the fool is one who does not. Instead of responding in a positive way, the fool, the one who does not fear God, will either make eternal truths into a joke or get very angry because of the truth spoken. We all need to make sure we are not being foolish by making light of Heaven and our eternal destiny.

It is a terrible thing to fall into the hands of the God who is to judge you for your belittling the work of His Son, Jesus Christ, on the cross of Calvary. For if Heaven, or Hell, or the judgment of God is not real, then there really was no reason for Jesus to die on that cross.

You see, it is not about the “Book of Life,” it is about Jesus Christ who is life. So it might be wise not to offend to one who is the source of life itself.

SUDOKU

Level: Intermediate

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle.

Tiny Teddy Cars

Servings: 24/ Prep Time: 20 mins

Ingredients:

1/3 cup milk chocolate, melted

1 bag Milky Way bars (you will need 24)

1 box Tiny Teddy biscuits, honey flavour

1 bag Smarties (340g)

To Make:

Set out a tray or serving plate for the Teddies.

Sort the Smarties into colours and cut 12 Smarties in half with a sharp knife to use for steering wheels (keep in mind steering wheel colours need to match with wheel colours). Remove the wrappers from the Milky Way bars.

Cut 24 Tiny Teddies in half at the belly button using a sharp knife.

Place the melted chocolate into a resealable bag and snip a tiny corner off. Squeeze out a few drops of chocolate to glue 4 Smarties 'wheels' on each car then place on the serving tray. Place a few drops of chocolate on the top of each 'car' and sit the Teddies on. Place a drop of chocolate on the 'car' in the front of each Teddy and glue on steering wheels.

Joe Cernik Family Fundraiser

Joe Cernik is partially blind and continues to lose his eyesight due to a debilitating stroke he experienced 2 years ago. Joe has been fighting for disability with no resolution. His wife Laura is not able to work due to caring for their 4 children and Joe. To compound this devastation, at the time of Joe's stroke, they were in the process of tearing off half their house due to rotting boards from a crumbling foundation. Last summer, 5+ inches of rain and a plugged culvert flooded their yard, garage, and under their house. They are in desperate need of help in repairing and purchasing material to fix their home and make it livable and safe for themselves and their family.
