Jackson County Outstanding Farm Family of the Year Nomination

Sponsored by the Black River Falls FFA Alumni and Jackson County Farm Bureau

The Jackson County Outstanding Farm Family of the Year Award was developed to provide recognition of hardworking farm families of rural Jackson County. The award honors farm families who have left a lasting mark on the agriculture industry and communities of Jackson County. To select the families, nominations are solicited by the public and evaluated by a selection committee.

Please fill out the following form to nominate a deserving farm family that has exhibited an excellence in farming, community involvement, volunteerism to their community and tackling the daily hardships of the farming lifestyle. This may be someone that you know or even yourself.

An award presentation will take place on the Wednesday evening of the Jackson County Fair.

Please submit nominations by July 1, 2024 to: Leonard Olson, N6102 Marts Road, Black River Falls, WI 54615.

Nominated Family:

Town:

Please use a separate sheet of paper to answer the following questions.

Please briefly describe their farming operation.

Please briefly describe their activities within the community (may be both agriculture and non-agriculture related).

Why is this family deserving of being named Jackson County's Outstanding Farm Family of the Year?

AND GOD SAYS . . .

In 1934, J. D. Unwin published a book called Sex and Culture. The book was the result of his study of 86 societies and civilizations to see if there is a relationship between sexual freedom and the flourishing of cultures. His findings are fascinating as well as validated by the modern history of America.

“So what did he find?
Here are a few of his most significant findings.

Effect of sexual constraints: Increased sexual constraints, either pre or post-marital, always led to increased flourishing of a culture. Conversely, increased sexual freedom always led to the collapse of a culture three generations later.”1

Durston's notes in his summary of Unwin's book, that a generation is approximately 33 years so that the full effect of the increase or decrease of sexual promiscuity will not be realized until the third generation. “Unwin found that when premarital chastity was abandoned, absolute monogamy, deism, and rational thinking disappeared with three generations of the change in sexual freedom.”

Since the “free-love” movement in America began in the 1960’s, we are close to entering our third generation and should be seeing the effects of sexual freedom in America if Unwin’s findings are true.

For a start, modified monogamy is regularly practiced as common-law marriages have become the norm. Deism, the belief in God, has greatly declined so that belief in God has become almost non-existent in the public square, and rational thinking has given way to feelings and emotions. Objective truth is now suspect.

So, since “they neither glorified [God] as God nor gave thanks to him . . . their thinking became futile (trust in feelings and emotions) and their foolish hearts were darkened (their conscience seared). Therefore God gave them over in the sinful desires of their hearts to sexual impurity for the degrading of their bodies (Rom 1:21-24). So the result is, we are experiencing exactly what God said would happen, like it or not, to the destruction of our nation. It is time to turn back to God standards.

From Kirk Durston's Summary of J. D. Unwins book Sex and Culture
