# CO-OP MONTH OCTOBER 2024

## Cooperatives are Part of Your Life

Celebrated by cooperatives nationwide during the month of October, National Co-op Month is an annual opportunity to raise awareness of a trusted, proven way to do business and build resilient, inclusive communities.

Under the theme “The Future is Cooperative,” this year’s Co-op Month is also a chance to envision a cooperative future. With the **2025 International Year of Cooperatives** on the horizon, now is the time to lift up the people-centered businesses at the heart of our communities and economies.

How is your co-op creating a more cooperative future? From finance to food and housing to childcare, co-ops nationwide are shaping a more equitable, innovative and sustainable world.

### CO-OP MONTH FUN FACTS

Minnesota was the first state to declare an official Co-op Month proclamation in 1948.

Co-op Month has been a nationally recognized celebration since 1964, when U.S. Secretary of Agriculture Orville Freeman, a former Minnesota governor, proclaimed October Co-op Month.

The first National Co-op Month theme in 1964, was “Cooperatives: USDA Helps Build a Better America.”

The U.S. Government sponsored Co-op Month from 1964-1970.

Every October, the U.S. Department of Agriculture releases its annual Co-op Month proclamation.

AND GOD SAYS . . .

I listened to the 1916 Project Documentary video the other night in Black River Falls. The research that was foundational to this presentation resulted in an convincing presentation inditing Planned Parenthood for its aggressive promotion of abortion as a racial control measure. In fact, two of their primary motives for promoting abortion is to limit population growth and to eliminate those deemed 'unfit' to live (that is, minority races). So it is that more black babies (over twice as many) are aborted than white babies and, sadly, that is by design.

So when you hear campaign propaganda declaring that abortion is about 'a woman's right to control her own body,' don't you believe it. This is a slight-of-hand slogan to direct the people away from their real purposes. Rather than focusing on the killing of human life, which is not acceptable or popular, they make it about a self-rights issue, which is both acceptable and popular.

But it is so much more than that. It is, at its core, a satanic attack against God. In Genesis, God tells us very clearly that human life was created in his image. It is somewhat like protestors taking down a statue of Robert E. Lee because they viewed him as being a slave owner. Likewise they want to destroy God's image because his image is a constant reminder, whether they are conscious of it or not, of his authority and sovereignty.

Furthermore, abortion is prohibited by the clear command of God. God said, "Thou shalt not kill." Certainly he could not say it clearer than that. Now it is important to note that the Hebrew word translated 'kill' is a specific term meaning 'murder.' It is saying we should not kill others of our own kind illegally without just cause, such as killing a baby in the womb.

The fact is, there is no longer any doubt when life begins. It begins at conception. Furthermore we know that the baby is not merely a glob of tissue, but a human being. So now, abortion supporters move the goal line—they now admit the baby is human, but say the baby is not a person because it is not self-supporting nor productive so it does not have the inalienable right-to- life. The truth is, abortion supporters really know abortion is wrong and that is why they get so angry, defensive and violent. If you don't have truth on your side, you need to shout louder and carry a big stick.

COMMUNICATION OFFICER

JACKSON COUNTY SHERIFF'S OFFICE

BLACK RIVER FALLS

Jackson County is accepting applications to fill a Full-Time and Part-Time Communication Officer position. If you are a person who wants to know that the work you do is important, dispatching will give you great satisfaction. There are few careers you can follow that put you directly in touch with people in need of help and enable you to provide it for them.

But great satisfaction does not usually come easily. The people who seek your help need it at all hours of the day and night. For dispatchers, this means shift work. It will mean staying on for an extra shift if the dispatch center is short-staffed. Sometimes you may want the overtime, other times, although it may be inconvenient for you, it will be a requirement that you stay anyway.

2024 Wage Range: \$22.59 - \$25.82 per hour and newly hired dispatchers will likely be assigned to 2nd or 3rd shift. Dispatchers are on a schedule rotation which may require them to work on holidays.

Learning the skills and receiving training is, of course, essential. However, you must also be able to think clearly under stress, not “burn out” easily and must be able to do several things at once without losing track.

If you think you have these qualities we’re looking for and willing to make this commitment to be held to these standards, please visit our Employment Opportunities page at [www.co.jackson.wi.us](http://www.co.jackson.wi.us) to apply or scan QR code.

Applicants must be at least 18 years of age and have obtained a high school diploma or equivalent. The position will remain open until filled.

Will be Open 10am-4pm

307 W. Birch St.

Did you know that the Thorp Museum has a cello that was owned and played by Civil War Veteran John N. Norton? Mr. Norton moved to Thorp and raised his family here in the 1880's and 1890's. He is buried in East Cemetery. Come hear his great granddaughter, Pat Norton, a cellist herself, demonstrate this cello and imagine you are part of the vibrant scene at a barn dance in Thorp long ago.

Performances will be at 11am & 2pm at the museum
