NOTICE OF APPLICATION FOR NONMETALLIC
MINE RECLAMATION PERMIT

Notice is hereby given that the Clark County Planning, Zoning & Land Information Department has received a nonmetallic mine reclamation permit from Milestone Materials. The nonmetallic mine reclamation plan is for an existing mine located in all or part of Section 15 & 16, T26N, R2W (Town of Eaton), Clark County, Wisconsin. Under NR135.20(1)(b) Public Notice. The notice shall briefly describe the mining and reclamation planned at the nonmetallic mining site. The notice shall be published as a class 1 notice pursuant to s. 985.07 (1), Stats., in the official newspaper of the regulatory authority, or if the department is the regulatory authority in the official newspaper of the county in which the nonmetallic mining site is located. Per NR135.20(3)(b) Any person who resides within, owns property within or whose principal place of business is within 300 feet of the nonmetallic mining site may request a public informational hearing. The department shall hold a public hearing if requested by any of these persons within 30 days of the actual date of public notice under sub. (1), which shall be held no sooner than 30 days and no later than 60 days after being requested and shall be conducted as an informational hearing for the purpose of explaining and receiving comment from affected persons on the nature, feasibility, effects and other relevant aspects of the proposed nonmetallic mining and reclamation. The informational hearing shall be conducted using the procedures for a noncontested case hearing pursuant to ch. NR 2. Written public comment can be submitted. All written comments must include the name and address of its author.

Proposed operation is for existing excavating, extraction, transportation and processing of nonmetallic materials. Land is currently used as a Wisconsin Department of Natural Resources (WDNR) NR340 nonmetallic mine. The reason for the NR135 permit is the mining is proposed to expand outside the WDNR jurisdiction. Post-mining reclamation land use will be grassland, ponded and recreational lands throughout the area.

Rules for nonmetallic mine reclamation are included in NR 135, Wisconsin Administrative Code and Chapter 22, Article IX Clark County Code of Ordinance. The rule is administered by the Clark County Planning, Zoning and Land Information Department and regulates the reclamation of land disturbed by nonmetallic mining operations. The operations at each site may include mining of topsoil, clay, sand, gravel, or bedrock as well as crushing, washing, drying or other mining activities or the site may be permitted as inactive. Reclamation measures may include use as ponds, recreation land, certified high wall, farmland, or other approved uses.

The Clark County Planning, Zoning & Land Information Department will review all comments and appearance testimony presented pertaining to the reclamation plan and reserves the right to make a final determination upon any reclamation plan submitted for the nonmetallic mine described in this notice.

To review the proposed plan, and for additional information, contact the office listed below at 715-743-5130.
