# AND GOD SAYS . . .

**Question: How many politicians does it take to change a lightbulb?**  
**Answer: Politicians don't change lightbulbs! They whine a while, then say, "We feel your pain." Then they get congress to pass a billion dollar lightbulb security bill, and blame the opposing party and special interests for not making lightbulbs free.**

**Question: What is the difference between Hitler and a politician?**  
**Answer: Hitler intended to deliver on his speeches.**

**Question: How are Congressmen and baseball players alike?**  
**Answer: Both are millionaires who work 3 hours a day and leave in August not finishing what they had started.**

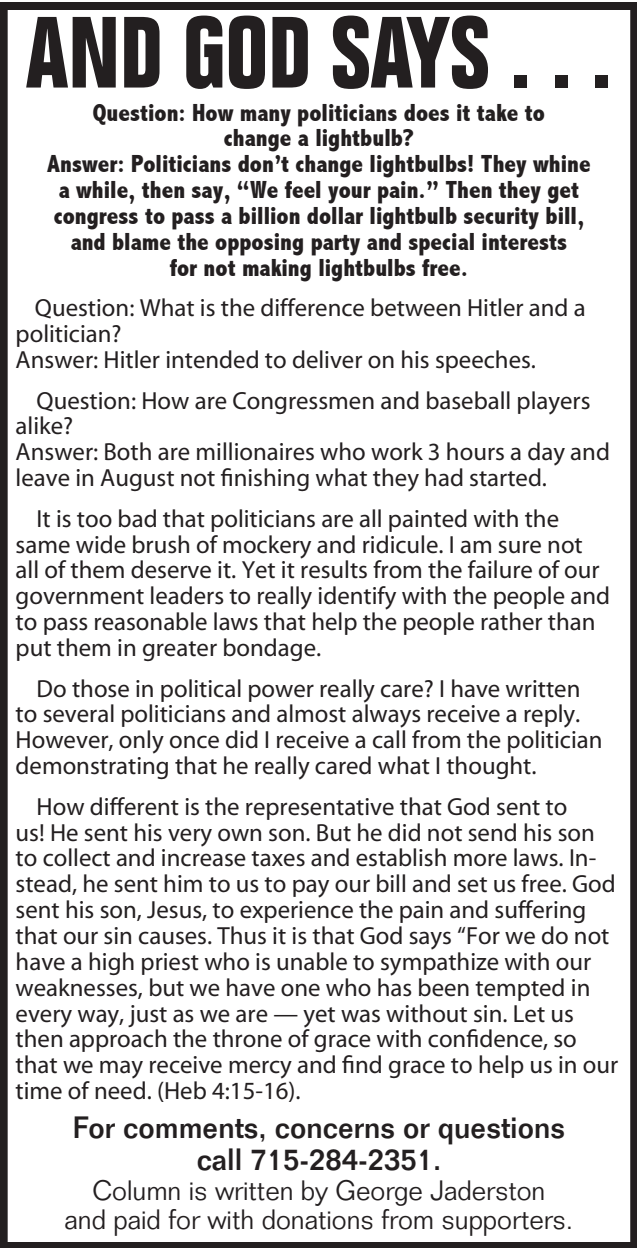

It is too bad that politicians are all painted with the same wide brush of mockery and ridicule. I am sure not all of them deserve it. Yet it results from the failure of our government leaders to really identify with the people and to pass reasonable laws that help the people rather than put them in greater bondage.

Do those in political power really care? I have written to several politicians and almost always receive a reply. However, only once did I receive a call from the politician demonstrating that he really cared what I thought.

How different is the representative that God sent to us! He sent his very own son. But he did not send his son to collect and increase taxes and establish more laws. Instead, he sent him to us to pay our bill and set us free. God sent his son, Jesus, to experience the pain and suffering that our sin causes. Thus it is that God says "For we do not have a high priest who is unable to sympathize with our weaknesses, but we have one who has been tempted in every way, just as we are — yet was without sin. Let us then approach the throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need. (Heb 4:15-16).
